BIAT Loans and Credit.

Personal loan. Amounts from 1000 to 30000 dinars over 12 to 60 months, at a fixed annual rate from 9.5 percent depending on the term and the customer's profile. A file fee of 1 percent of the amount applies, with a minimum of 30 dinars.

Eligibility. The applicant must be a BIAT customer with a salary domiciled at BIAT for at least 3 months, hold a permanent employment contract or show 2 years of self-employed accounts, and be under 65 at the end of the loan. Total monthly repayments across all credit may not exceed 40 percent of net monthly income.

Documents required. National ID, the last 3 payslips, an employer certificate, the last 3 months of account statements, and proof of address. A decision is given within 5 business days of a complete file, and funds are released within 2 business days of signature.

Home loan. Amounts up to 80 percent of the property value over 5 to 25 years. A property valuation, the sale agreement and a mortgage registration are required. Loan insurance covering death and disability is mandatory and is paid monthly with the instalment.

Car loan. Up to 80 percent of the vehicle price over 12 to 60 months, for new vehicles and for used vehicles less than 5 years old, secured against the vehicle.

Early repayment. A loan may be repaid early in whole or in part. An early repayment fee of 1 percent of the amount repaid ahead of schedule applies, and is waived in the final 12 months of the term.

Missed payments. A missed instalment incurs late interest and is reported to the central bank's credit register after 90 days, which affects future borrowing. Customers in difficulty should contact their branch before the instalment is missed, as a rescheduling is often possible.
