Ooredoo Mobile Money.

Mobile money lets a customer send and receive funds from their phone. The wallet limit is 5000 dinars, and the maximum single transfer is 1000 dinars.

Fees: transfers to another Ooredoo wallet are free. Transfers to a bank account cost 1 percent, minimum 0.5 dinars. Cash withdrawal at an agent costs 2 dinars.

Identity verification is required above 500 dinars held in the wallet: a national ID card and a selfie in the app. Verification is normally completed within 24 hours. A wallet that is inactive for 12 months is frozen and requires a branch visit to reopen.
