Universite de Tunis El Manar - Degree Programmes.

Undergraduate (Licence) programmes run for 3 years, 6 semesters, 180 ECTS credits.
Offered: Computer Science, Electrical Engineering, Mathematics, Physics, Biology, Economics and Management, Law.

Master programmes run for 2 years, 120 ECTS credits, and are split into research (Master de Recherche) and professional (Master Professionnel) tracks. The research track requires a thesis defended before a jury; the professional track requires a 6-month internship and an internship report.

Doctoral programmes run for 3 to 5 years and require an enrolled supervisor and at least one published article before the defence.

The academic year runs from mid-September to the end of June, in two semesters. A semester is 14 teaching weeks plus 3 weeks of examinations.
